DISCLAIMER

Important note regarding forward-looking statements:

Statements made in this presentation which are not purely historical are forward-looking statements, as defined in the Private Securities Litigation Reform Act of 1995. This includes any statements regarding management's plans, objectives, or goals for future operations, products or services, and forecasts of its revenues, earnings, or other measures of performance. Such forward-looking statements may be identified by the use of words such as "believe," "expect," "anticipate," "plan," "estimate," "should," "will," "intend," "outlook" or similar expressions. Forward-looking statements are based on current management expectations and, by their nature, are subject to risks and uncertainties. Actual results may differ materially from those contained in the forward-looking statements. Factors which may cause actual results to differ materially from those contained in such forward-looking statements include those identified in the Company's most recent Form 10-K and subsequent SEC filings. Such factors are incorporated herein by reference.

Non-GAAP Measures

This presentation includes certain non-GAAP financial measures. These non-GAAP measures are provided in addition to, and not as substitutes for, measures of our financial performance determined in accordance with GAAP. Our calculation of these non-GAAP measures may not be comparable to similarly titled measures of other companies due to potential differences between companies in the method of calculation. As a result, the use of these non-GAAP measures has limitations and should not be considered superior to, in isolation from, or as a substitute for, related GAAP measures. Reconciliations of these non-GAAP financial measures to the most directly comparable GAAP financial measures can be found at the end of this presentation.

POST ANNOUNCEMENT UPDATE & TIMELINE

Post Announcement Activities and Integration Planning

- ASB management team has developed a detailed integration plan spanning from transaction announcement through closing, conversion, and post-conversion time periods
- ASB/BKMU integration team has significant local market knowledge and deep operational expertise from prior consolidations to execute a seamless transition for customers, employees, and stakeholders

Projected Post-Announcement Timeline

ACCELERATES 2017 STRATEGIC PRIORITIES

Strengthening Customer Relationships

- Adds over 120,000 customer accounts and nearly 1,000 commercial relationships
- Extends Associated's specialized products to Bank Mutual's customer base
- Positions Associated to gain efficiencies and further invest in customer experience

Delivering on our Strategy

- Delivers smaller sized, in-market, depository institution acquisition
- Drives efficiency through improved scale and distribution
- Disciplined transaction terms with attractive economics

Expanding our Community Presence

- Strengthens core deposit franchise
- Enhances branch network and density
- Increases current market share and expands services to new communities

Providing Long-term Value to Shareholders

- A low-risk transaction with significant opportunities for cost savings
- Expected to produce modest initial dilution to tangible book value per share with positive EPS accretion in 2019
- Expected to improve efficiency ratio by > 100bps with fully phased-in cost savings

ASSET MANAGEMENT EXPANSION

Enhanced Big-Firm Financial Services With a Family Touch

- On October 2, 2017, we completed the acquisition of a wealth management organization, Whitnell & Co., an Oak Brook, Illinois based, \$1 billion AUM registered investment advisor, to further complement Associated's investment and asset management capabilities, especially in Chicago
- Whitnell's 28 professionals provide affluent Mid-Western clients with a complete set of family office services centered around wealth management and generational wealth transfer
 - The acquisition adds a strong team to our existing Chicago-land private banking presence and introduces new services and capabilities to Associated's existing client base
 - The acquisition increases both assets under management and related run-rate revenue by more than 10%

OVERALL EXPENSE EFFICIENCY

Efficiency Ratio¹

¹ – The efficiency ratio as defined by the Federal Reserve guidance is noninterest expense (which includes the provision for unfunded commitments) divided by the sum of net interest income plus noninterest income, excluding investment securities gains / losses, net. The fully tax-equivalent efficiency ratio, which is a non-GAAP financial measure, is noninterest expense (which includes the provision for unfunded commitments), excluding other intangible amortization, divided by the sum of fully tax-equivalent net interest income plus noninterest income, excluding investment securities gains / losses, net. Refer to the appendix for a reconciliation of the Federal Reserve efficiency ratio to the fully tax-equivalent efficiency ratio.

SHIFT TO DIGITAL CHANNELS

Customers continue to seek more efficient ways to bank. Digital capabilities are key to meeting their rising expectations. Associated is actively enhancing its multichannel approach and will be deploying new mobile solutions in early 2018.

RECONCILIATION AND DEFINITIONS OF NON-GAAP ITEMS

Efficiency Ratio	YTD 3Q13	YTD 3Q14	YTD 3Q15	YTD 3Q16	YTD 3Q17
Federal Reserve efficiency ratio	70.20%	70.19%	69.79%	67.51%	65.64%
Fully tax-equivalent adjustment	(1.44)%	(1.35)%	(1.38)%	(1.32)%	(1.27)%
Other intangible amortization	(0.42)%	(0.40)%	(0.34)%	(0.20)%	(0.18)%
Fully tax-equivalent efficiency ratio	68.34%	68.44%	68.07%	65.99%	64.19%

The efficiency ratio as defined by the Federal Reserve guidance is noninterest expense (which includes the provision for unfunded commitments) divided by the sum of net interest income plus noninterest income, excluding investment securities gains / losses, net. The fully tax-equivalent efficiency ratio, which is a non-GAAP financial measure, is noninterest expense (which includes the provision for unfunded commitments), excluding other intangible amortization, divided by the sum of fully tax-equivalent net interest income plus noninterest income, excluding investment securities gains / losses, net. Management believes the fully tax-equivalent efficiency ratio, which adjusts net interest income for the tax-favored status of certain loans and investment securities, to be the preferred industry measurement as it enhances the comparability of net interest income arising from taxable and tax-exempt sources.
